OIL CONSERVATION DIVISION**

**APPLICATION OF OXY USA INC.
FOR A NON-STANDARD SPACING AND
PRORATION UNIT, AND COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

FEB 06 2018 PM04:28

CASE NO. 16008

APPLICATION

OXY USA Inc., ("OXY") through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N.M. Stat. Ann. § 70-2-17, for an order (1) creating a 640-acre non-standard spacing and proration unit comprised of the S/2 of Section 1 and the S/2 of Section 2, Township 25 South, Range 29 East, NMPM, Eddy County, New Mexico; and (2) pooling all uncommitted interests in the Wolfcamp formation underlying this acreage. In support of its application, OXY states:

1. OXY USA Inc., (OGRID No. 16696) is a working interest owner in the proposed non-standard spacing and proration unit and has the right to drill thereon.
2. OXY proposes to dedicate the above-referenced spacing and proration unit as the project area for two proposed initial wells, to be drilled and simultaneously completed: the proposed **Corral Fly "02-01" State No. 34H Well** and the proposed **Corral Fly "02-01" State No. 35H Well**. The two proposed horizontal wells will be pad drilled from a surface location in the SW/4 SW/4 (Unit M) of Section 2. The **Corral Fly "02-01" State No. 34H Well** has a standard bottom hole location in the NE/4 SE/4 (Unit I) of Section 1. The **Corral Fly "02-01" State No. 35H Well** will have a standard bottom hole location in the SE/4 SE/4 (Unit P) of Section 1.

3. The completed interval for the each will remain within the 330-foot standard offset required by the Special Rule for the Purple Sage Wolfcamp Gas Pool (Pool Code 98220).

4 OXY has sought and been unable to obtain voluntary agreement for the development of these lands from all of the interest owners in the subject spacing unit.

5. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

6. In order to permit OXY to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this non-standard spacing unit should be pooled and OXY USA Inc. should be designated the operator of this proposed horizontal wells and spacing unit.

WHEREFORE, OXY requests that this application be set for hearing before an Examiner of the Oil Conservation Division on March 8, 2018, and, after notice and hearing as required by law, the Division enter an order:

- A. Creating a 640-acre non-standard spacing and proration unit comprised of the S/2 of Section 1 and the S/2 of Section 2, Township 25 South, Range 29 East, NMPM, Eddy County, New Mexico;
- B. Pooling all uncommitted interests in the non-standard spacing and proration unit;
- C. Designating two initial wells for said spacing unit;
- D. Designating OXY USA Inc. operator of this non-standard spacing unit and the horizontal well to be drilled thereon;

- E. Authorizing OXY to recover its costs of drilling, equipping and completing the wells;
- F. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- G. Imposing a 200% penalty for the risk assumed by OXY in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the wells.

Respectfully submitted,

HOLLAND & HART LLP

ATTORNEYS FOR OXY USA INC.

CASE 16068

Application of OXY USA Inc. for a non-standard spacing and proration unit and compulsory pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order (1) 640-acre non-standard spacing and proration unit comprised of the S/2 of Section 1 and the S/2 of Section 2, Township 25 South, Range 29 East, NMPM, Eddy County, New Mexico; and (2) pooling all uncommitted interests in the Wolfcamp formation underlying this acreage. Said non-standard unit is to be the project area for two proposed initial wells, to be drilled and simultaneously completed: the proposed **Corral Fly "02-01" State No. 34H Well** and the proposed **Corral Fly "02-01" State No. 35H Well**. The three proposed horizontal wells will be pad drilled from a surface location in the NW/4 NW/4 (Lot 4) of Section 2. The two proposed horizontal wells will be pad drilled from a surface location in the SW/4 SW/4 (Unit M) of Section 2. The **Corral Fly "02-01" State No. 34H Well** has a standard bottom hole location in the NE/4 SE/4 (Unit I) of Section 1. The **Corral Fly "02-01" State No. 35H Well** will have a standard bottom hole location in the SE/4 SE/4 (Unit P) of Section 1. The completed interval for the each will remain within the 330-foot standard offset required by the Special Rule for the Purple Sage Wolfcamp Gas Pool (Pool Code 98220). Also to be considered will be the cost of drilling and completing said wells and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of OXY USA Inc. as operator of the wells and a 200% charge for risk involved in drilling said well. Said area is located approximately 9 miles southeast of Malaga, N.M.
