STATEMENT OF THE CASE

Hilcorp is the operator of a standard 320-acre, more or less, spacing and proration unit in the Blanco-Mesaverde Gas Pool comprised of the S/2 of Section 25, Township 32 North, Range 12 West, San Juan County, New Mexico, which is currently dedicated to the following four wells: the Moore LS 006 Well (API No. 30-045-60073) Sec. 25, T32N, R12W (Unit K); the Moore LS 006A Well (API No. 30-045-23054), Sec. 25, T32N, R12W (Unit P); the Moore LS 006B Well (API No. 30-045-30564), Sec. 25, T32N, R12W (Unit O); and the Moore Com 001E Well (API No. 30-045-25086), Sec. 25, T32N, R12W (Unit M).

The Blanco-Mesaverde Gas Pool is governed by Special Rules and Regulations, which provide for 320-acre spacing and proration units and four wells per spacing unit. *See* Order No. R-8170, as superseded by Order No. R-10987-A, and amended by Order No. R-10987-A(1), effective Dec. 2, 2002. Hilcorp now proposes to simultaneously dedicate and produce the following fifth well within the same standard spacing and proration unit: the **Hubbard Com 001** (API No. 30-045-11827) within the S/2 of Section 25, Township 32 North, Range 12 West. Hilcorp therefore requests that the Division enter an order granting an exception to the well density requirements of Rule 1.B of the Special Rules and Regulations of the Blanco-Mesaverde Pool to authorize Hilcorp to simultaneously dedicate and produce the **Hubbard Com 001** (API No. 30-045-11827) within the S/2 of Section 25, Township 32 North, Range 12 West, permitting the total number of wells dedicated and producing within this spacing and proration unit to five, and the number of wells within a quarter section to three. Hilcorp further seeks approval for the proposed location of the **Hubbard Com 001** (API No. 30-045-11827) in the Mesaverde formation with a surface location in Unit I within the S/2 of Section 25, Township 32 North, Range 12 West, NMPM, San Juan

County, New Mexico, and authorization to simultaneously complete and produce said well from the Blanco-Mesaverde Gas Pool.
