Re: Case No. 13582 and 13583: Application of Chesapeake Operating, Inc. for Statutory Unitization of the Trinity Burrus Unit Area and for Approval of a Waterflood Project and Qualification of the project Area of the Trinity Burrus Unit for the recovered Oil Tax Rate Pursuant to the Enhanced Oil Recovery Act, Lea County, New Mexico. Order No. R-12496.

By letter dated January 26, 2006, Chesapeake advised the Division that it had sought approval by the working interest owners to extend the expiration of the unit agreement to January 31, 2007.

Enclosed as **Exhibit A** are signed ratifications of Blake Arnold Working Interest Oil & Gas Properties LLC, Claude Arnold Working Interest Oil & Gas Properties LLC and Chesapeake Operating, Inc. which constitutes 80% of the working interest owners in the unit area. Also enclosed as **Exhibit B**, are signed ratifications from mineral interest owners in the Unit area. When these mineral interest ratification percentages are combined with the royalty interests of the BLM and State Land Office, the owners of approximately 91% of the non-cost bearing interests in the unit area have now ratified the revised unit agreement. Chesapeake now requests that a supplemental order be
