**THIRD STATUS REPORT  
AND  
AGREED MOTION TO EXTEND STAY**

Permian Water Solutions, LLC ("Permian") provides this status report pursuant to Order No. R-14300-C.

In late 2017, Permian succeeded Pyote Water Solutions LLC, et al. as operator of the Willow Lake Com Well No. 1 SWD. Permian's designated operator for the well is Cambrian Management Ltd.

Injection operations through the Willow Lake Com Well No. 1 continue to be suspended. Permian and Cambridge Management are continuing to evaluate the well for recompletion for injection operations into an acceptable formation or formations. Permian and Cambridge will be sharing their findings with the other parties to this proceeding. Permian respectfully requests an extension of the current stay for an additional three months. An extension will facilitate the parties' evaluation of the recompletion operations and the ultimate resolution of this matter.

Counsel for Mewbourne Oil Company, Oxy USA, Inc. and Kaiser-Francis Oil Company have been consulted and they do not oppose the request to extend the stay.

Respectfully submitted,

MONTGOMERY & ANDREWS, P.A.
