Re: Osudo 17/20 B2JO State Com #1H Well Proposal

Section 17: W2SE4 Section 20: W2E2

Section 17/20, T21S, R35E, Lea County, New Mexico

Dear Owner:

Mewbourne Oil Company ("Mewbourne") hereby proposes to drill the referenced horizontal Bone Spring well. The Osudo 17/20 B2JO State Com #1H will be at a surface location 2435' FNL & 2030' FEL in Section 17 and a bottom hole location approximately 330' FSL & 1980' FEL in Section 20, T-21-S, R-35-E, Lea County, New Mexico. We anticipate drilling to an approximate true vertical depth of 10,017 feet and an approximate measured depth of 17,472 feet. The estimated cost to casing point for this well is \$3,267,700 and estimated cost of producing well is \$8,812,100. These costs are more fully detailed in the AFE enclosed herewith. If successful, the project area for this well will be comprised of the W2SE4 of Section 17 and the W2E2 of Section 20.

To facilitate the drilling of this well and the development of the S2 of Section 17 and Section 20, Mewbourne proposes forming a working interest unit by signing an Operating Agreement with a Contract Area comprised of the S2 of Section 17 and Section 20. If you wish to form this working interest unit, please advise and I will send an Operating Agreement for your review and execution.

If you do not wish to participate in the well Mewbourne is interested in discussing a Farmout of your interest.

Enclosed are duplicate originals of Mewbourne's AFE for the well. To make your election to participate in the proposed well, properly execute and return the AFE. You will also need to provide your "Well Information" requirements. As a reminder, Mewbourne's AFEs provide all participants the opportunity to opt out of the "Extra Expense Well Control Insurance" that Mewbourne purchases for each well it drills. If you do opt out, you must provide evidence that you have adequate "Well Control Insurance".

Feel free to contact me if you have any questions. I can be reached by phone at (432) 682-3715 or via email at asalgado@mewbourne.com.

Sincerely,

MEWBOURNE OIL COMPANY
