Dear Mr. Walker:

This office is in receipt of your letter of May 14, 2014, together with the data that supports your commercial determination regarding the Cotton Draw Unit Well Nos. 117H, 219H and 220H.

The Bureau of Land Management, by their letter of August 13, 2014, has advised this office that they have concurred with your determination that the Cotton Draw Unit Well Nos. 117H, 219H and 220H are capable of producing unitized substances in paying quantities from the Bone Spring formation.

Please be advised that the Commissioner of Public Lands concurs with Devon and the Bureau of Land Management's determinations that the above captioned Cotton Draw Unit Wells are commercial wells in the Bone Spring formation and are entitled to participate in the Bone Spring participating area. Please submit a copy of the proposed Bone Spring participating area to this office for our approval.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.
