CASE NO. 13719

2006 APR 25 PM 4

APPLICATION

OXY USA WTP Limited Partnership, ("OXY") through its undersigned attorneys, hereby makes application pursuant to the provisions of NMSA 1978, §70-2-17, for an order pooling all mineral interests in all formations from the surface to the base of the Morrow formation in the following described spacing and proration units located in the W/2 of Section 24, Township 18 South, Range 27 East, N.M.P.M., Eddy County, New Mexico: the W/2 for all formations and/or pools developed on 320-acre spacing which includes but is not necessarily limited to the Undesignated North Illinois Camp-Morrow Gas Pool, the Undesignated Red Lake-Atoka Gas Pool and the Undesignated Chalk Bluff-Wolfcamp Gas Pool; the NW/4 for all formations and/or pools developed on 160-acre spacing; and the SE/4 NW/4 for all formations and/or pools developed on 40-acre spacing which includes but is not limited to the Chalk Bluff-Wolfcamp Pool, and support of its application states:

1. OXY USA WTP Limited Partnership is a working interest owner in the W/2 of said Section 24 and has the right to drill thereon.
2. OXY proposes to dedicate the above-referenced spacing or proration units to its Peso State Well No. 1 to be drilled at a standard gas well location 1980 feet from the North line and 1530 feet from the West line (Unit F) of said Section 24, to a depth sufficient to test any and all formations from the surface to the base of the Morrow formation.
3. OXY has sought and been unable to obtain a voluntary agreement for the development of these lands from Marathon Oil Company, Post Office Box 3487, Houston, Texas 77253-3487 (Attn: J. F. Rusnak).
4. Said pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.
5. In order to permit the OXY to obtain its just and fair share of the oil and gas underlying the subject lands, all mineral interests should be pooled, and OXY USA WTP Limited Partnership should be designated the operator of the well to be drilled.

WHEREFORE, OXY WTP Limited Partnership requests that this application be set for hearing before an Examiner of the Oil Conservation Division on May 25, 2006 and, after notice and hearing as required by law, the Division enter its order:

- A. pooling all mineral interests in the subject spacing and proration units,
- B. designating OXY USA WTP Limited Partnership operator of these units and the well to be drilled thereon,
- C. authorizing OXY USA WTP Limited Partnership to recover its costs of drilling, equipping and completing the well,
- D. approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures, and
- E. imposing a penalty for the risk assumed by OXY USA WTP Limited Partnership in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP
