Triple Crown Well No. 1
Unit O, Sec. 6, T-9-N, R-31-E
Quay County, New Mexico
→ U.S. Dist. Case No. 487-41160-MT-11

Dear Mr. Bailey:

Please accept this letter as an official notice of the State of New Mexico's intention of foreclosing on the cash plugging bond for the above-referenced well. ~~For~~ For the past two years this office has attempted to have this well in compliance with our rules and regulations. Not having any success with these endeavors, we have placed this matter for hearing before our next examiner for a forced plugging (Case No. 9160). This office will seek an order of forfeiture of the operator's bond and authorizing the Director of this Division to make demand upon First National Bank of Tucumcari to pay to the Division the funds on deposit given as collateral for this plugging bond to cover the cost of properly plugging said well. Due to the depth of this well and cost to properly plug and abandon, this agency will also seek to obtain any interest that may have accrued on the certificate of deposit during the past two years.

Should you have any questions concerning this matter, please contact me at this office.

Sincerely,

ROY E. JOHNSON,
Sr. Petroleum Geologist
