Case 13686

2006 FEB 23 PM 1 39

Re: Gandy Corporation State "T" Well No. 2 (SWD-836)
4,290 FSL and 500 FWL, Section 6, T16S R36E, NMPM, Lea County, New Mexico

Dear Mr. Fesmire:

This firm represents DKD, LLC, the owner and operator of the Watson "6" No. 1 SWD Well located 2857' FSL and 1417' FWL and the Snyder "A" No. 1 Well located 2318' FSL and 330' FWL in Section 6, T16S R36E. These wells are in close proximity to the Gandy Corporation State "T" Well No. 2 which is utilized for produced water disposal under the authority of SWD-836 and Order No. R-12171.

On investigation, it is apparent that Gandy Corporation's operations have resulted in the escape of water from the injection interval into other formations and onto other properties. Gandy Corporation's operations have also caused the damage and loss of certain producing wells in Section 6 and threatens future damage to additional wells.

It is our belief that Gandy Corporation's operations of the State "T" Well No. 2 are in violation of the Oil and Gas Act and the rules, regulations and orders of the Division. We are filing on behalf of DKD, LLC a separate application to the Division for administrative relief. A copy of the Application is enclosed. However, it is the purpose of this letter to provide the Division with notice of the apparent violations and to request the Division to act to prevent further violation pursuant to the provisions of NMSA 1978 §§70-2-28 and 70-2-29.
