

CASE NO. 13730: Continued from June 22, 2006 Examiner Hearing

Application of Samson Resources Company for compulsory pooling, Lea County, New Mexico. Applicant seeks an order pooling all mineral interests from the surface to the base of the Morrow formation in the following described spacing and proration units located in the S/2 of Section 12, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico: the S/2 for all formations and/or pools developed on 320-acre spacing which includes but is not necessarily limited to the Quail Ridge Morrow Gas Pool; the Undesignated East Gem Morrow Gas Pool and the Undesignated Teas Pennsylvanian Gas Pool; the SE/4 for all formation and/or pools developed on 160-acre spacing within this vertical extent; and the SE/4 SE/4 for all formation and/or pools developed on 40-acre spacing which includes but is not necessarily limited to the Undesignated Teas Bone Spring Pool, the Undesignated Teas Delaware Pool and the Undesignated Teas-Yates-Seven Rivers Pool. Said units are to be dedicated to its Marshall 12 Fed Com Well No. 1 to be drilled as a deviated well from an unorthodox surface location 550 feet from the East line and 660 feet from the South line (Unit P) to a bottomhole location 660 feet from the East line and 660 feet from the South line (Unit P) of said Section 12 to an approximate depth of 13,700 feet. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Samson Resources Company as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 7 miles northeast of Halfway, New Mexico.

CASE NO. 13740: Application of BEP Co., L.P. for Compulsory Pooling, Eddy County, New Mexico. Applicant seeks an order pooling all mineral interests from the surface to the base of the Morrow formation in the following described spacing and proration units located in the E/2 of Section 25, Township 23 South, Range 29 East, N.M.P.M., Eddy County, New Mexico: the E/2 for all formations and/or pools developed on 320-acre spacing which includes but is not necessarily limited to the Undesignated Laguna Grande-Wolfcamp Gas Pool, the Undesignated Nash Draw-Atoka Gas Pool, the Undesignated Nash Draw-Strawn Gas Pool and the Undesignated Remuda -Wolfcamp Gas Pool; the SE/4 for all formation and/or pools developed on 160-acre spacing within this vertical extent; and the NE/4 SE/4 for all formation and/or pools developed on 40-acre spacing which includes but is not necessarily limited to the Undesignated Nash Drawn-Delaware Pool and the Undesignated Remuda -Wolfcamp Pool. Said units are to be dedicated to its Remuda Basin 25 State Well No. 1 to be drilled at a standard location 1980 feet from the South line and 660 feet from the East line (Unit I) of said Section 25 to an approximate depth 14,200 feet. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of BEP Co., L.P. as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 9 miles East of Loving, New Mexico.

CASE NO. 13741: Application of EOG Resources, Inc. for Approval of an Unorthodox Well Location, Eddy County, New Mexico.

Applicant seeks authorization for an unorthodox well location for its Rhine 13 Federal Well No. 1 (API No. 30-015-34184) to be re-entered and completed from the Wolfcamp formation 1680 feet from the South line and 150 feet from the East line (Unit I) of Section 13, Township 17 South, Range 24 East, NMPM, Eddy County, New Mexico. Said well will be dedicated to a standard 320-acre spacing and proration unit comprised of the S/2 of Section 13. Said well is located approximately 7 miles West of Artesia, New Mexico.

CASE NO. 13742: Application of OXY USA WTP Limited Partnership for Compulsory Pooling, Lea County, New Mexico.

Applicant seeks an order pooling all mineral interests from the surface to the base of the Morrow formation in the following described spacing and proration unit located in the S/2 of Section 31, Township 16 South, Range 32 East, N.M.P.M., Lea County, New Mexico: the W/2 for all formations and/or pools developed on 320-acre spacing which includes but is not necessarily limited to the Fren Northeast-Morrow Gas Pool. OXY proposes to dedicate the above-referenced spacing or proration unit to its Great Horned Owl State Well No. 1 to be drilled at a standard gas well location 1120 feet from the South line and 1930 feet from the East line (Unit O) of said Section 31. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of OXY USA WTP Limited Partnership as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 3 miles Northwest of Maljamar, New Mexico.

CASE NO. 13743: Application of Williams Production Co. for Horizontal Drilling and an Unorthodox Surface and Bottomhole Location in the Basin-Fruitland Coal Gas Pool, Rio Arriba County, New Mexico.

Applicant seeks an exception to the requirements of Rule 7 of the Special Rules and Regulations for the Basin-Fruitland Coal Gas Pool to authorize the drilling of its Rosa Unit Well No. 351A as an intentionally deviated horizontal wellbore on a standard coalbed methane gas spacing unit comprised of the W/2 of Section 11, Township 31 North, Range 5 West, NMPM, Rio Arriba County, New Mexico. The spacing unit will be the Project Area for this horizontal well. The surface location for said well is 1310 feet from the North line and 215 feet from the West line of said section. The Point of Entry into the Fruitland Coal is 1390 feet from the North line and 705 feet from the West line and the terminus is 1700 feet from the North line and 2620 feet from the West line of the section. Said area is located approximately 9 miles Southeast of Arboles, Colorado.
