said publication has been made.

LEGAL NOTICE

November 29, 2006

To: Judith A. Bench a/k/a Judith A. Moseley Bench and Deborah Bench a/k/a Deborah Smith: Pride Energy Company has filed two applications with the New Mexico Oil Conservation Division (Case No. 13,824), seeking orders pooling all mineral interests from the surface to the base of the Permian Pennsylvanian formation underlying the following described acreage in Section 9, Township 11 South, Range 33 East, N.M.P.M., and in the following manner: The S/2NE/4 to form a standard 80 acre oil spacing and proration unit for all formations developed on 80 acre spacing within that vertical extent, including the North Bagley-Permian Pennsylvanian Pool; and the SW/4NE/4 to form a standard 40-acre oil spacing and proration unit for all formations developed on 40 acre spacing within that vertical extent. The units are to be dedicated to the Bagley Well No. 2, to be drilled at an unorthodox oil well location 1905 feet from the north line and 2130 feet from the east line of Section 9. Also, to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in drilling and completing the well. The application is scheduled to be heard at 8:15 a.m. on Wednesday, December 13, 2006 at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. As an interest owner in the well unit you have the right to enter an appearance and participate in the case. Failure to appear will preclude you from contesting this matter at a later date. The units are located approximately 5-1/2 miles east-southeast of Caprock, New Mexico.

**LEGAL NOTICE**  
November 29, 2006

To: Judith A. Bench a/k/a Judith A. Moseley Bench and Deborah Bench a/k/a Deborah Smith: Pride Energy Company has filed an application with the New Mexico Oil Conservation Division (Case No. 13,825), seeking an order pooling all mineral interests from the surface to the base of the Permian Pennsylvanian formation underlying the following described acreage in Section 9, Township 11 South, Range 33 East, NMPM, Lea County, New Mexico: The N/2NE/4 to form a standard 80 acre oil spacing and proration unit for all formations developed on 80 acre spacing within that vertical extent, including the North Bagley-Permian Pennsylvanian Pool; and the NE/4NE/4 to form a standard 40-acre oil spacing and proration unit for all formations developed on 40 acre spacing within that vertical extent. The units will be dedicated to the plugged and abandoned Bagley Well No. 1, located 560 feet from the north and east lines of Section 9, which will be re-entered to test the North Bagley-Permian Pennsylvanian Pool. In the event the re-entry of the Bagley Well No. 1 is not successful, the units will be dedicated to the Bagley Well No. 3, to be drilled at an orthodox location in the N/2NE/4 of Section 9 to test the North Bagley-Permian Pennsylvanian Pool. Also to be considered will be the cost of re-entering or drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a 200% charge for the risk involved in re-entering or drilling and completing the well. The application is scheduled to be heard at 8:15 a.m. on Wednesday, December 13, 2006 at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. As an interest owner in the well unit you have the right to enter an appearance and participate in the case. Failure to appear will preclude you from contesting this matter at a later date.
