Lots 3, 4, S/2NW/4 (NW/4) Section 1
Rio Arriba County, New Mexico

Gentlemen:

Energen Resources Corporation (Energen) plans to drill, complete and equip the referenced well at a legal location in the NW/4 Section 1-T24N-R4W. This well is scheduled to be drilled to a depth sufficient to test the Gallup/Dakota formation. This well is being drilled adjacent to the West Lindrith Gallup/Dakota pool which requires 160 acre spacing. This well is being proposed as a result of a Diligent Demand from the Bureau of Land Management. (Copy of letter enclosed). A copy of a model form Operating Agreement is enclosed for your review and approval.

Enclosed is our AFE for \$996,137.00 to drill and complete this well. We invite you to participate in drilling said well and request you execute and return one copy of the enclosed AFE as well as an executed signature page for the proposed Operating Agreement.

Additionally, our title opinion shows your interest to be in the name of Edwards & Leach Oil Company. In order that we may complete our files please furnish us with copies of all merger documents showing the transfers from Edwards & Leach into National Energy.

If you should have any questions concerning this matter please contact me at the number listed.

Sincerely,

A handwritten signature in black ink, appearing to read "David M. Poage", with a long horizontal flourish extending to the right.

David M. Poage
District Landman
