Mr. Phillip Gennarelli
Vulcan Minerals & Energy, Incorporated
10777 Westheimer, Suite 1100
Houston, TX 77042

Dear Mr. Gennarelli:

On April 26, 2002, the Bureau of Land Management and the Navajo Nation Minerals Department inspectors conducted an on-site inspection on the Horseshoe Gallup Unit (HGU). Several violations still exist where major/minor Incidents of Non-Compliance (INC) were previously issued. The HGU was subsequently shut-in and you were ordered to come into compliance with all INCs, which included cleanup and remediation of the sites. To date, none of the compliance work has been completed and the HGU remains shut-in. In addition, no payments have been received for the assessments and civil penalties in the amount of \$358,680.78. Report of Oil and Gas Operations have not been filed with Minerals Management Service and the State of New Mexico since February 2002. Minimum royalty payments on some of your leases have also not been paid. In addition, 27 wells in the unit were to be plugged by the end of the year (2002).

On August 19, 2002, you met with Bureau of Land Management personnel and indicated that your intentions were to bring the Horseshoe Gallup Unit into compliance. However since September 2002, Vulcan Minerals & Energy Inc. and yourself have had no involvement in the unit or its operation. In October 2002, foreclosure proceedings were brought against Vulcan Minerals & Energy Inc. by your creditors, which were filed in the District Court of San Juan County, New Mexico. We have sent several certified letters concerning these issues to Vulcan Minerals & Energy Inc. and yourself that were unclaimed. We have also made numerous attempts to contact your office by telephone to no avail.

This letter is to inform Vulcan Minerals & Energy Inc. of the Bureau of Land Management's decision to terminate the HGU agreement for the above non-compliance issues pursuant to 43 CFR 3163.1(a)(5). Pursuant to the terms of the unit agreement, this decision is also based on the fact that there is ineffective control of the committed unit interests, cessation of production as of February 2002, and no successor operator.

By a copy of this letter, we are notifying the appropriate Bureau of Indian Affairs offices and the State of New Mexico of this unit termination effective the date of this letter. We are recommending that all leases

committed to the HGU be terminated for the reasons stated above. In addition, proceedings will begin to collect the bonds for this unit.

As a result of the unit termination, you are hereby required to file your plans to plug and abandon all of the wells within the former unit area. Failure to file these plans within 30 days of the date of this action may result in further assessments pursuant to the Civil Penalty provisions under 43 CFR 3163.2.

Under provisions of 43 CFR 3165.3, you may request an Administrative Review of the order described above. Such request, including all supporting documents, must be filed in writing within 20 business days of receipt of this notice and must be filed with the State Director, Bureau of Land Management, P. O. Box 27115, Santa Fe, New Mexico 87502-0115. Such request shall not result in a suspension of the order unless the reviewing official so determines. Procedures governing appeals from instructions, orders or decisions are contained in 43 CFR 3165.4 and 43 CFR 4.400 et seq.

If you have any questions, please contact Geneva McDougall with this office at (505) 599-6355.

Sincerely,
