**RE: Navajo Lake Prospect  
ERC Lease No. NM002220-24P  
Rio Arriba County, New Mexico**

**SECRET**

7/12/06

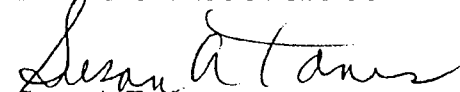

**To Whom It May Concern:**

Energen Resources Corporation is searching for the heirs of the Estate of Larry H. Mowbray, deceased, whose mineral interest we have leased under the above referenced lease number. We have received information from Ms. Alice M. Owens that you may be heirs to the estate. Enclosed please find an Affidavit of Heirship as to Larry H. Mowbray, deceased. If you believe you are or know the heirs, please assist us by having the Affidavit filled out by a disinterested party and signed before a notary. In this case, a disinterested party is someone who stands to gain nothing as to the outcome of the deceased's estate. A corroborating second party should sign before a notary as well. Once the form is completed, please return to my attention.

If you require additional information to comply with our request, do not hesitate to contact me at (205) 326-1794. If this letter has reached you in error, please disregard. Thank you for your cooperation.

Very truly yours,

**ENERGEN RESOURCES CORPORATION**

RE: **REQUEST FOR JOINDER**  
Navajo Lake 103  
Township 32 North, Range 6 West, N.M.P.M.  
Section 13: W/2  
Rio Arriba County, New Mexico

Dear Mr. Mowbray:

Energen Resources Corporation ("Energen") plans to drill the referenced well and attempt a horizontal completion in the Fruitland Coal formation. This well is being proposed as a result of Energen's success in completing wells in the area in this manner.

Energen has previously attempted to acquire an oil and gas lease covering your mineral ownership under the above referenced land. However, this effort to date has been unsuccessful. Since Energen has been unable to acquire an oil and gas lease, you are hereby given the right to participate in the well referenced above for your proportionate interest.

If you agree to participate in the drilling and completing of said well and pay your proportionate share of the estimated costs, please sign the AUTHORITY FOR EXPENDITURE (AFE) enclosed herein and return along with your signed election. Additionally, should you elect to participate in the well for your proportionate interest you will be required to execute an AAPL 1982 Model Form Operating Agreement containing a non-consent clause of 300% and fixed overhead operating rates of \$5,700.00 per month for drilling overhead and \$575.00 per month for producing overhead. You will also be required to execute a Communitization Agreement pooling your interest to the proposed spacing unit.

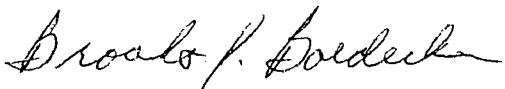

If you do not agree to participate then Energen will proceed to pool your interests under the compulsory pooling provisions of the regulations issued by the New Mexico Oil Conservation Division (NMOCD).

REQUEST FOR JOINDER

RE: Oil and Gas Lease  
Township 32 North, Range 6 West, NMPM  
Navajo Lake Project  
Rio Arriba County, New Mexico

Dear Mr. Mowbray:

Energen Resources Corporation is interested in leasing the mineral interest you own under the following described lands:

Township 32 North, Range 6 West, NMPM  
Section 12: S/2SW/4  
Section 13: N/2NW/4  
Being 160 acres, m/l

These lands are located beneath the waters of Navajo Lake, so access to the minerals underlying the lake is possible only by the drilling of horizontal wells from adjacent surface locations. Title work shows your interest is 1/6 plus 1/30 (6/30) of 1/8 of 75% or approximately 3.0 net acres. Energen is offering to lease your minerals under the following terms:

Bonus: \$300  
Royalty: 1/8<sup>th</sup>  
Primary Term: 5 years

Enclosed is a lease along with a draft for the bonus amount. Please return the executed draft, along with the executed and notarized Oil and Gas Lease in the pre-addressed envelope enclosed for that purpose. We will pay the draft within 10 days of receipt of the Lease and draft.

In the event you have any questions, please contact me at 205-326-1794. We thank you for your time in this matter.

Very truly yours,

A handwritten signature in dark ink, appearing to read "SAT", written over a horizontal line.
