Subject: protect us from waste pit pollution

Mr. Fesmire,

I'm a small business/land/home owner in SF County. Please protect us New Mexicans from the toxic wastes of drilling due to open and buried waste pits. Require closed loop for the waste and see that it is properly disposed of.

We must not sacrifice our land and lives in rural or suburban New Mexico for the production of oil. We can learn to live without oil because there are renewable energy sources. But we can not live without water.

Marianna
