

Pilot Plan – Section 8

- 2 POW wells (full time pressure monitoring on 6-8 layers)
- 15 new producers
 - 1 Dakota standalone
 - 14 MV/DK commingles
- 7 existing producers
 - 1 MV standalone
 - 6 MV/DK commingles

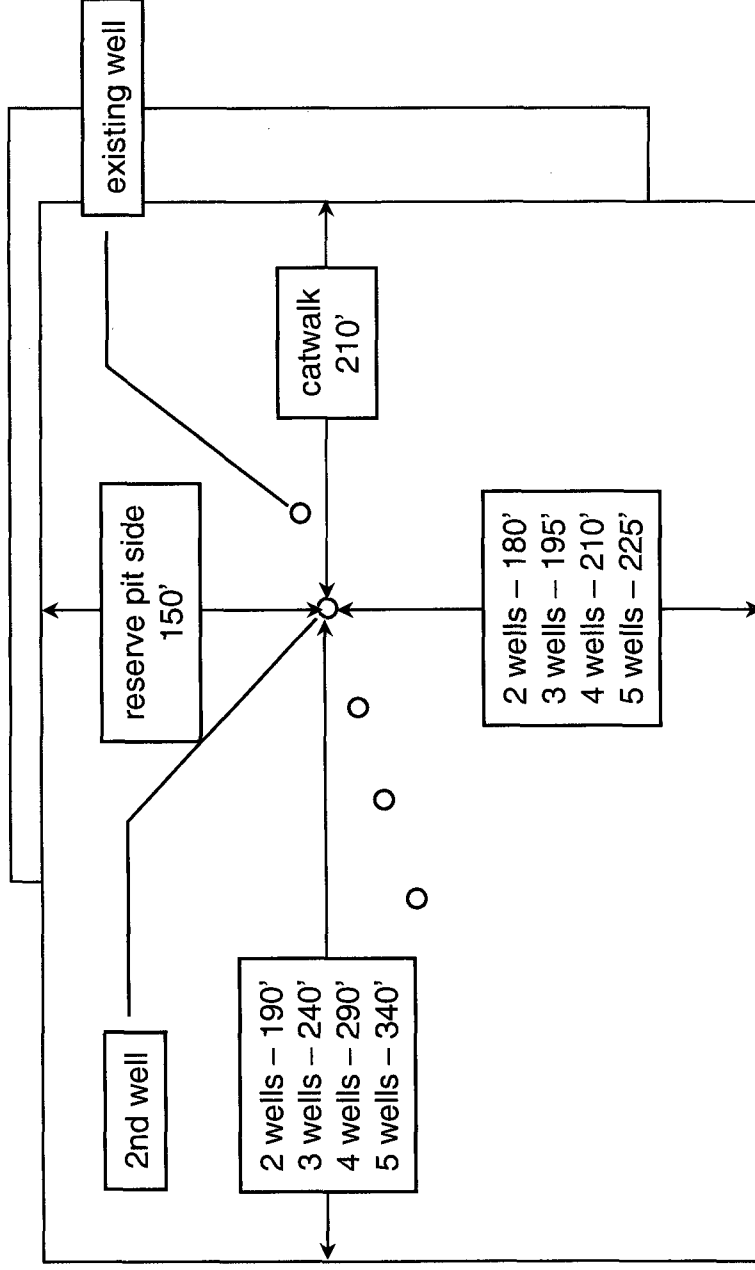

Generalized Location Dimensions

Dimensions to edge of total disturbance

~ 3.0 acre production footprint

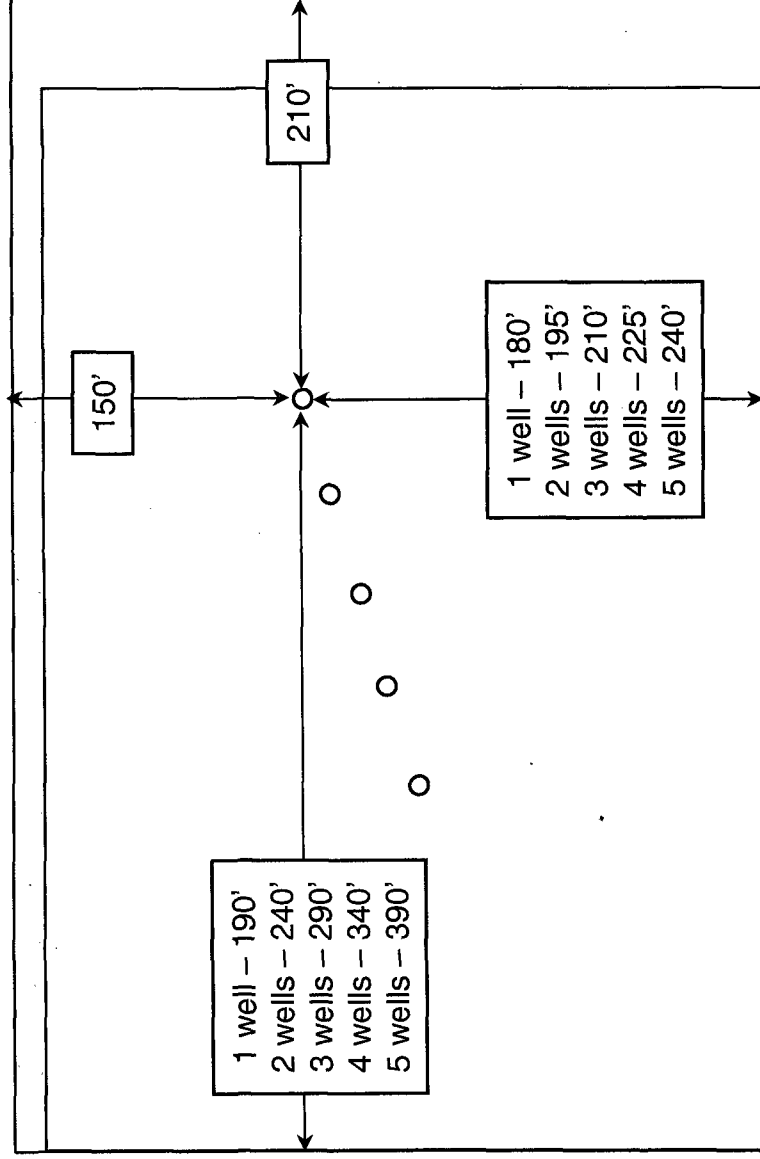

Generalized Location Dimensions

Dimensions to edge of total disturbance

3.0-4.7 acre drilling/completion footprint

Generalized Location Dimensions

Dimensions to edge of total disturbance

3.0 - 5.4 acre final production footprint

Estimated Surface Disturbance
