RE:	ASUA # 1	M-2-17-28	30-015-01306
	Federal # 1	B-3-17-28	30-015-01310

Dear Ms. Wrotenbery,

As per your request these wells were inspected on 26 August, 2003. Both wells were found to have been permanently plugged and abandoned.

Oil Conservation Division

Dear Commissioners;

Please find enclosed documentation confirming that the plugging of Kersey & Company ASU "A" #1 and Kersey and Donohue Federal #1 was completed as previously stated:

1. A letter from Dale Hughes of Hughes Drilling, the contractor that did the plugging, in which he gives the dates and details of the plugging operation.
2. Copies of sundry notices for both wells, stating the dates and plugging procedure, dated 5-30-02.

These Sundry notices were not stamped by the Artesia O.C.D. office, and I am assuming that they were either lost in their office or in the mail. On August 22, 2003 I hand carried copies of the enclosed and for-mentioned sundry notices to the Artesia office and delivered them to Tim Gum. I asked him to confirm that Van Barton had witnessed the plugging on said dates. On August 27, 2003, I called Van Barton and he confirmed that the information was correct.

Sincerely,

Kenneth R. Wade

Ken,

On April 26, 2002 I plugged the Kersey & Donohue K.D. Fed #1 well. I had LaFarge, the local ready mix place bring 70 sacks of Type II cement, mixed with 6.3 gallons of water per sack. It took approximately 62 sacks to fill the hole, about 8 sacks to the pit. BLM witnesses on location were Gene Hunt and another man named Paul.

On Friday May 3rd – I attempted to plug the Kersey & Company ASU "A" State #1 well. I pumped 70 sacks Type II cement into the well – but it didn't fill up. The state inspector Van Barton required that we run a wire line to locate the top of the cement. I had Keltic Services run a wire line. We tagged at 151 feet. I had him mail this bill to you.

On May 7th – I mixed 10 sacks and finished plugging this well. The hole only took about 6 or 7 sacks. Van Barton was notified this time too but he was a no show.

On May 9th I set Dry Hole Markers at each of the two locations with 2 sacks Quickcrete each.

I cleaned all the bent & junk pipe off both locations.

We need to have The Gas Company remove the gas line risers from each location.

Ken – Please send me a check for \$1453.60 to cover my out of pocket expenses on plugging these wells.

Thank you,

Dale Hughes
