1           WHEREUPON, the following proceedings were had at  
2           8:15 a.m.:

3           EXAMINER STOGNER: This hearing will come to  
4           order. Please note it's Docket Number 35-03. Today's date  
5           is October 23rd, 2003. I'm Michael Stogner, appointed  
6           Hearing Officer for today's dates.

7           At this time we'll go over the continuances and  
8           dismissals that we have at this time.

9           First page, Case 12,776, this is a reopened  
10          matter to consider the provisions of Order Number R-11,723  
11          for the East Penasco Draw-Upper Pennsylvanian Pool in Eddy  
12          County, New Mexico. This case will be continued to  
13          November the 7th, 2003.

14          Next case, Case 13,170, the Application of  
15          Energen Resources Corporation to expand the Langlie-Lynn  
16          Queen Unit Waterflood Project in Lea County, New Mexico.  
17          This case will be continued to December the 4th.

18          Next case, 13,144, is the Application of Permian  
19          Resources, Inc., for special pool rules or, in the  
20          alternative, for an unorthodox well location, Lea County,  
21          New Mexico. This case will be continued to December the  
22          4th.

23          Next case, 13,171, this is the Application of  
24          Leede Operating Company, L.L.C., for compulsory pooling,  
25          Lea County, New Mexico. This case will be continued to

1 November the 20th.

2 I need to bring this up too, and I'm sorry I  
3 didn't do that. Due to a change in the schedule, the  
4 November -- or what we would have normally scheduled for  
5 November 6th, would have been a Thursday, the hearing has  
6 been moved to November 7th. That would be the Friday.  
7 That was called by the Director. So if you see November  
8 the 6th anywhere on the docket today, please change that to  
9 November 7th.

10 Okay, let's see. Second page, Application of  
11 Mewbourne Oil Company for an unorthodox oil well location,  
12 Lea County, that's Case 13,172, this case will be continued  
13 to the November 7th docket.

14 Okay, let's go to page 3. Case 13,156, this is  
15 Chi Energy, Inc., for compulsory pooling, Eddy County, New  
16 Mexico. This case will be dismissed.

17 Case 13,173, Application of Merrion Oil and Gas  
18 Corporation for an unorthodox infill coal gas well  
19 location, San Juan County, New Mexico. This case will be  
20 dismissed. This case should never have showed up on  
21 today's docket. It was withdrawn prior to it getting on  
22 the docket due to lack of communication on my part with the  
23 appropriate people. It got on the docket and I apologize  
24 for that. It was an administrative application that was  
25 going to be set for hearing but was withdrawn prior to

1 that. Again, I apologize. 13,173 will be dismissed.

2 Let's see, down to 13,175, this is the  
3 Application of Permian Resources, Inc., for a nonstandard  
4 spacing and proration unit and an unorthodox well location,  
5 Lea County. This case will be continued to December the  
6 18th, 2003.

7 Page 4, first one on the top, 13,146, this is the  
8 Application of EOG Resources, Inc., for compulsory pooling  
9 and a nonstandard gas spacing unit, Lea County, New Mexico.  
10 This case will be continued to November 20th.

11 Case 13,040, this is the Application of David H.  
12 Arrington Oil and Gas, Inc., for a waterflood project and  
13 an enhanced oil recovery, Lea County, New Mexico. This  
14 case is dismissed.

15 Down at the bottom of the page, 13,142, this is  
16 the Application of the OCD for an order requiring Maralo,  
17 L.L.C., to remediate hydrocarbon contamination and an  
18 abandoned well and battery site, Lea County, New Mexico.  
19 This case is continued to November the 20th.

20 Are there any other continuances or dismissals at  
21 this time?

22 MR. BRUCE: Mr. Examiner, on the first page --

23 EXAMINER STOGNER: Okay.

24 MR. BRUCE: -- at the bottom, 13,139, the Gruy  
25 Petroleum Management Company case, I would ask that that be

1 continued to November 20th.

2 EXAMINER STOGNER: Continued to November 20th.

3 Just as a reminder, before I do, we're having a  
4 lot of continuances and dismissals, and it has appeared  
5 over the last few months that the dockets in some cases are  
6 small and then they turn large some other times, so we may  
7 need to adjust at a later date.

8 At this time, though, Case <sup>13134</sup> ~~13,129~~, will be  
9 continued to the November 20th docket.

10 MR. BRUCE: On page 2, Mr. Examiner --

11 EXAMINER STOGNER: Page 2.

12 MR. BRUCE: -- the second Mewbourne Oil case,  
13 12,940, Mr. Feldewert is here for several of his clients.  
14 The clients are going -- or the parties are going to meet  
15 and Mr. Feldewert has asked that this matter be continued  
16 to November 20th, and Mewbourne Oil Company agrees with  
17 that.

18 EXAMINER STOGNER: Okay, that's continued to when  
19 again?

20 MR. BRUCE: November 20th.

21 EXAMINER STOGNER: Just for the record, who are  
22 Mr. Feldewert's clients?

23 MR. BRUCE: Harvey E. Yates Company, Pecos  
24 Production Company and Gruy Petroleum Management.

25 MR. FELDEWERT: You got it.

1 EXAMINER STOGNER: Okay.

2 MR. BRUCE: And finally, Mr. Examiner, on the  
3 bottom of that page, the Devon Energy case, that  
4 Application has been amended and readvertised. That was  
5 filed yesterday. It's for the November 20th hearing.

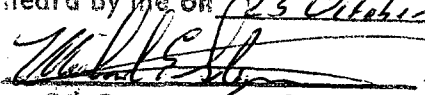

6 EXAMINER STOGNER: Okay, let's see. Case 12,940  
7 will be continued to the November 20th docket. Devon Case  
8 13,132 will be continued to and readvertised for the  
9 November 20th docket also.

10 Any other continuances or dismissals at this  
11 time?

12 We're going to go through the docket, or the  
13 remainder of the docket as it is. Before we call the Pride  
14 case, which will be the last one, Dave Catanach has been  
15 involved in that matter, and he will be today's Hearing  
16 Officer in that case, so we'll take a break and I'll go  
17 upstairs and get him and allow him time to change clothes  
18 and put on a jacket and improve his appearance accordingly.

19 (Thereupon, these proceedings were concluded at  
20 8:20 a.m.)
