Re: Request For Extension of Time to Finish Completing Well
Powers 29-13-7 #113 Unit F E/2 of section 7, T29N R11W
Case No. 14174, Order No. R-12993

Gentlemen:

Please be advised that Synergy Operating, LLC is hereby requesting an extension to drill the captioned well because the Department of Interior Bureau of Land Management is not accepting that 15.97 acres of their minerals in section 7 in T29N., R13W NMPM is unleased. Please reference the related hand written comments from the BLM, which has been the only form of written communication that we have been able to obtain in this regard. We are confident the BLM will accept their ownership and the fact that said tract is unleased once a full inspect of the related title documents is made. We are uncertain how long this process will take. Being that we cannot force pool the BLM's mineral interest we must wait.

We respectfully request an extension of time till May 1, 2009 to begin drilling operations.

Sincerely,
Synergy Operating, LLC

Patrick Hegarty
