APPLICATION OF MEWBOURNE OIL
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.

Case No. 13158

APPLICATION

Mewbourne Oil Company applies for an order pooling all mineral interests from the top of the Cisco formation to the base of the Morrow formation underlying the S½ of Section 30, Township 21 South, Range 27 East, N.M.P.M., Eddy County, New Mexico, and in support thereof, states:

1. Applicant is a working interest owner in the S½ of Section 30, and has the right to drill a well thereon.

2. Applicant proposes to drill its La Huerta "30" Well No. 1 to a depth sufficient to test the Morrow formation (approximately 11,725 feet subsurface), and seeks to dedicate the S½ of Section 30 to the well to form a standard 320 acre gas spacing and proration unit for any and all formations and/or pools developed on 320 acre spacing within that vertical extent, including the Burton Flat-Morrow Gas Pool and the Undesignated Crozier Bluff-Atoka Gas Pool.

3. The surface location of the well will be 2114 feet from the south line and 2464 feet from the east line of Section 29, Township 21 South, Range 27 East, N.M.P.M. The proposed bottomhole location will be approximately 750 feet from the south line and 700 feet from the east line of Section 30.

4. Applicant has in good faith sought to obtain the voluntary joinder of all other mineral interest owners in the S½ of Section 30 for the purposes set forth herein.

5. Although applicant attempted to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well or to otherwise commit their interests to the well, certain interest owners have failed or refused to join in dedicating their interests. Therefore, applicant seeks an order pooling all mineral interest owners in the S½ of Section 30, pursuant to NMSA 1978 §70-2-17.

6. The pooling of all mineral interests underlying the S½ of Section 30 will prevent the drilling of unnecessary wells, prevent waste, and protect correlative rights.

WHEREFORE, Applicant requests that, after notice and hearing, the Division enter its order:

- A. Pooling all mineral interests in the S½ of Section 30 from the top of the Cisco formation to the base of the Morrow formation;
- B. Designating applicant as operator of the well;
- C. Considering the cost of drilling and completing the well, and allocating the cost thereof among the well's working interest owners;
- D. Approving actual operating charges and costs charged for supervision, together with a provision adjusting said rates pursuant to the COPAS accounting procedure; and
- E. Setting a penalty for the risk involved in drilling and completing the well in the event a working interest owner elects not to participate in the well.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "James Bruce". The signature is written over a horizontal line.

PROPOSED ADVERTISEMENT

Case 13158: Application of Mewbourne Oil Company for compulsory pooling, Eddy County, New Mexico. Applicant seeks an order pooling all mineral interests from the top of the Cisco formation to the base of the Morrow formation underlying the S½ of Section 30, Township 21 South, Range 27 East, NMPM to form a standard 320-acre gas spacing and proration unit for any and all formations and/or pools developed on 320-acre spacing within that vertical extent, including the Burton Flat-Morrow Gas Pool and the Undesignated Crozier Bluff-Atoka Gas Pool. The unit is to be dedicated to applicant's La Huerta "30" Well No. 1, to be drilled from a surface location 2114 feet from the south line and 2464 feet from the east line of Section 29, Township 21 South, Range 27 East, NMPM to an orthodox bottomhole location in the SE¼SE¼ of Section 30. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as operator of the well, and a charge for the risk involved in drilling and completing the well. The unit is located approximately 2 miles north of Carlsbad, New Mexico.
