INTREPID'S SUPPLEMENTATION OF THE RECORD

On January 14, 2009, the hearing examiner requested respondent Intrepid-Potash New Mexico, LLC to supplement the record by furnishing information concerning current potash prices because significant economic events have occurred since the hearing was held herein. In response to the request, submitted herewith is the affidavit of Ken Taylor which sets forth the average price of potash as of December 2008. The information concerning the price of potash is confidential and has not been publicly disclosed, and therefore, should be kept sealed until such time that respondent informs the Division that the information is no longer confidential.
