Subject: Dist 2 pool nomenclature

Hi Florene

I am working on Dist 2 pools and I have found a problem. R-12458 created the High Lonesome; Grayburg-San Andres pool. The paragraph which states the discovery well is located in Sec 16 T16S R29E. I checked OCD on-line and this is the correct location for the well. The paragraph which describes the pool area states T16S R28E Section 16 SE/4 instead of T16S R29E Section 16 SE/4. Artesia's Pool Books has it in R29E. Can this be corrected with a correction to the original order R-12458

Paul
