**IN THE MATTER OF THE APPLICATION
OF YATES PETROLEUM CORPORATION
FOR COMPULSORY POOLING,
CHAVES COUNTY, NEW MEXICO.**

MAR 31 2003

Oil Conservation Division
CASE NO. **13056**

APPLICATION

YATES PETROLEUM CORPORATION, ("Yates") through its undersigned attorneys, hereby makes application pursuant to the provisions of N.M.Stat.Ann. § 70-2-17, (1978), for an order pooling all mineral interests in all formations from the surface to the basement in the following described spacing and proration units located in the W/2 of Section 13, Township 6 South, Range 26 East, N.M.P.M., Chaves County, New Mexico: the W/2 for all formations and/or pools developed on 320-acre spacing which includes but is not necessarily limited to the Undesignated Haystack-Cisco Gas Pool; the SW/4 for all formations and/or pools developed on 160-acre spacing which includes but is not necessarily limited to the Pecos Slope-Abo Gas Pool; and the SW4 SW/4 for all formations and/or pools developed on 40-acre spacing; and in support of its application states:

1. Yates Petroleum Corporation is a working interest owner in the W/2 of said Section 13 and has the right to drill thereon.
2. Yates proposes to dedicate the above-referenced spacing or proration units to its Stern "BCS" Com Well No. 2 to be drilled at a standard gas well location 660 feet from the South and West lines (Unit M) of said Section 13, to an approximate depth of 5,835 feet to test any and all formations from the surface to the basement.
3. Yates has sought and been unable to obtain a voluntary agreement for the development of these lands from certain interest owners in the subject spacing units who are identified on Exhibit A to this application.

4. Said pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

5. In order to permit the Yates to obtain its just and fair share of the oil and gas underlying the subject lands, all mineral interests should be pooled, and Yates Petroleum Corporation should be designated the operator of the well to be drilled.

WHEREFORE, Yates Petroleum Corporation requests that this application be set for hearing before an Examiner of the Oil Conservation Division on April 24, 2003 and, after notice and hearing as required by law, the Division enter its order:

- A. pooling all mineral interests in the subject spacing and proration units,
- B. designating Yates Petroleum Corporation operator of these units and the well to be drilled thereon,
- C. authorizing Yates Petroleum Corporation to recover its costs of drilling, equipping and completing the well,
- D. approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures, and
- E. imposing a penalty for the risk assumed by Yates Petroleum Corporation in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,
HOLLAND & HART LLP

RETURN RECEIPT REQUESTED

ALL AFFECTED INTEREST OWNERS:

Re: Application of Yates Petroleum Corporation for compulsory pooling, Chaves
County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of certain spacing and proration units in the W/2 of Section 13, Township 6 South, Range 26 East, NMPM, Chaves County, New Mexico. Said units will be dedicated to Yates Petroleum Corporation's proposed Stern "BCS" Com Well No. 2 which it proposes to drill at a standard gas well location in the SW4 SW/4 of said Section 13 to test all formations from the surface to the basement.

This application has been set for hearing before a Division Examiner on April 24, 2003. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505, three days in advance of a scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr
