That's fine. I think they'll work things out.

Subject: Administrative Application

Jim, an objection from COG Operating LLC was received to the administrative application you filed for Cimarex Energy Co. of Colorado for an unorthodox oil well location for the Poseidon "3" Fed. Well No. 3 located 250 feet from the South line and 1330 feet from the West line of Section 3, Township 17 South, Range 30 East, NMPM, Eddy County, New Mexico. David Brooks asked me to set the application for hearing. It will be set for the examiner hearing to be held on March 4 unless you wish it set at a later date. Please let me know your wishes.

Thanks.

Florene
