Subject: RE: Cases 14353 and 14354; Applications of Chi Energy for Approval of a Secondary Recovery Project

Jim:

I do not know if the information and/or data requested by David Brooks in these cases has been submitted by your client. It is now more than 3 weeks since this request was made. Therefore in another week, we will dismiss these cases without prejudice if the requested information is not submitted.

Please note that if these applications have been complete you should have received your order 3 weeks ago. If your client is no longer interested in these cases, please advise so that the cases can be dismissed, otherwise, please submit the data requested ASAP. Thank you.

Richard

Dear Jim

This seems to be my day to give you work assignments!

Richard has asked me to review these case files. It seems that you indicated you would provide water analyses on the proposed injection water from the Capitan Reef (TR Page 77) and on the formation water in the Delaware (TR Page 80). This was at the hearing on 11-12-09. However, I did not find anything relating to either of these items in the case files.

We will need to get this information before we can release an order in these cases.

Sincerely

David
