30-015-05687 – East Shugart Unit No. 15

30-015-27670 – East Shugart Unit No. 42

Please remove the two Americo wells (East Shugart Unit Nos. 15 & 42) from the plugging list. They are active injectors, have passed their MIT's, and met the site remediation requirements of the 2008 ACO. Mr. Montgomery, we will be providing you with plugging alternatives early next week. Thanks and have a good weekend.
