Attention: Mr. Craig A. McCracken

Re: R-10202
Allison Basin-Fruitland CO2 Pilot Project

Dear Mr. McCracken:

As per your request dated November 1, 1994, you are hereby authorized to utilize fiberglass tubing in your Allison Basin-Fruitland CO2 Pilot Project injection wells in lieu of utilizing plastic or cement-lined tubing, as originally required by Division Order No. R-10202. Such use is contingent however, on these wells being able to pass an annulus pressure test as required by the Underground Injection Control Program.

If you should have any questions, please contact me at (505) 827-7131.

Sincerely,

David Catanach
Engineer
