RE: Glenn Cleveland Well #1
Section 7, Township 15-S, Range 35-E
Lea County, New Mexico

Enclosed please find the C-101 and C-102 application for the re-completion of the Glenn Cleveland #1. This application is to re-complete the well to the Morrow field, which requires a 320 proration unit. Being the lease line is 660' from the South line and 1,980' from the East line, an unorthodox location. Great Western Drilling hereby seeks the commission's approval to proceed.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gina Howard', with a large, stylized flourish at the end.
