Dear Mr. Carroll;

A review of the subject file indicates we have not received a reply to our June 7, 1995 letter to you. For your reference we have enclosed a copy of that letter.

As we indicated in our June 7, 1995 letter; our records indicate the applicable well plugging bonds were canceled in 1985 and the records subsequently destroyed. We have also been unable to locate Mr. Harle at the address in our existing records.

In view of the above, it is requested that you advise the undersigned the results of the Examiners Hearing and provide us with copies of the applicable plugging bonds and any information regarding the location of Mr. Harle.

We will hold our file in abeyance pending your reply.

Very Truly Yours

American Manufacturers Mutual Insurance Co.
