RE: Sunco Trucking and OCD Cases 11604 and 11518

Dear Mr. Carroll

I have posted on my calendar for November 7, 1996 a hearing regarding the OCD and Sunco. I don't have a written notice of the hearing. Both cases are listed on the OCD's page on the internet. We believe that this date was given to us over the phone.

You may have called me about these cases and I did not return your call. I apologize if that is the case. The last time I talked to Roger he was going to have you call me concerning a form of order in the case involving the Notice of Violation. The other case, the land farm application, was going to be set for public hearing here in San Juan County.

If you would forward to me a proposed order in the Notice of Violation case I would review it for approval or submit suggestions.

Please advise as to the status of the hearing date of November 7, 1996.

Sincerely:

John A. Dean, Jr.

JADjv
