Re: **Order No. R-10656-A**
Ropco 15-1 Commingle Order

Dear Cathy:

We received a copy of the subject order and believe there is a mistake in the allocation formula in Exhibit A. The economic limit for PC production (Q_{pcabd}) is specified to be 300 MCFD. We believe, based on economics and on the exhibit sent to the OCD as part of the application, that that should have been 300 MCF/mo.

If my assumption is accurate, please notify the OCD to correct the typo.

Thanks for your attention to this matter.

Sincerely,

George F. Sharpe
