Re: **OFFSET OPERATOR WAIVER**
Application for Nearburg Exploration Company, L.L.C.
for approval of an unorthodox gas well location and
compulsory pooling for its Aztec "14" Federal Com.
Well No. 1, 2180 feet from West line and 1980 feet from
North line (Unit F) Section 14, T21S, R32E
Lea County, New Mexico

Dear Mr. Brunson:

Nearburg Exploration Company, L.L.C. plans to drill its Aztec "14" Federal Com. Well No. 1 at an unorthodox gas well location 2180 feet from West line and 1980 feet from North line (Unit F) Section 14, T21S, R32E to be dedicated to a 320-acre gas spacing unit consisting of the W/2 of Section 14. This location is unorthodox and therefore we have applied to the New Mexico Oil Conservation Division for an exception which has been docketed for hearing on March 20, 1997.

Our information is that New Tex Oil Company is the offset operator towards whom this location encroaches. If you have no objection to this unorthodox gas well location, please signify your approval by signing one copy of this letter in the space provided below and returning it to me.

Very truly yours,

Duke Roush
Consulting Landman
