Re: Amended Application of Yates Petroleum Corporation for Compulsory Pooling,
Eddy County, New Mexico

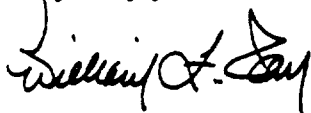

Dear Mr. Emmons:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations from 100 feet below the base of the Loco Hills Sand formation to the top of the Mississippian formation, in and under the W/2 of Section 1, Township 18 South, Range 29 East, N.M.P.M., Eddy County, New Mexico. Yates Petroleum Corporation proposes to dedicate the referenced pooled units to its Cerritos APT Federal Com Well No. 1, which will be drilled at a standard location 1980 feet from the North and West lines of said Section 1.

This application has been set for hearing before a Division Examiner on July 10, 1997. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,
