Dear Mr. Moore:

Please reference my letter dated April 22, 1997 regarding the captioned well. As of this writing I have not received a response from your company concerning our proposal. Burlington Resources Oil & Gas Company (Burlington), is ready to drill this well as soon as possible. In that regard should we not hear from you in the near future we will be forced to pursue compulsory pooling under the rules and regulations of the State of New Mexico Oil Conservation Division.

Per your request, please find enclosed a copy of a land ownership map of the subject prospect area.

If we can be of any assistance in your review of the proposal please call me at (505) 326-9756, or Mike Dawson (Geologist) at (505) 326-9770.

Yours very truly,
