Re: NMOCD Case 11809 (Order R-10878)  
Marcotte Well No. 2

Gentlemen

This case is currently set on the Commission's docket for April 9, 1998. Today, Burlington informed me that they are still working in the Marcotte Well. On March 18, 1998, I advised you that Burlington had not yet concluded its efforts on the Marcotte Well and proposed that this case be continued at least to the Commission's June hearing docket.

Please let me know if you have any objection to this case being continued at least until the Commission hearing docket for June 18, 1998.

Very truly yours,

W. Thomas Kellahin
