

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION
THROUGH THE SUPERVISOR OF DISTRICT II FOR AN ORDER REQUIRING
HANSON ENERGY TO PROPERLY PLUG SEVENTEEN WELLS LOCATED IN
TOWNSHIP 18 SOUTH, RANGE 28 EAST, AND TOWNSHIPS 17 SOUTH, RANGES 27
AND 28 EAST, EDDY COUNTY, NEW MEXICO, AUTHORIZING THE DIVISION TO
PLUG SAID WELLS, AND ORDERING A FORFEITURE OF THE PLUGGING BOND.**

CASE NO. 11811

APPLICATION FOR PLUGGING AND FORFEITURE OF BOND

1. Hanson Energy (the "Operator") is the operator of the seventeen wells located in Township 18 South, Range 28 East and Townships 17 South, Ranges 27 and 28 East, Eddy County, New Mexico, listed on the attached Exhibit "A" to this application.

2. Operator has posted a surety bond in the amount of \$50,000 for said wells in compliance with Section 70-2-14 NMSA 1978 and Rule 101 of the Rules and Regulations of the Oil Conservation Division, which bond is conditioned upon compliance with the statutes of the State of New Mexico and the Rules and Regulations of the Division with respect to the proper plugging and abandonment of the wells operated by Operator. Gulf Insurance Company is surety on the bond, Bond No. 58 59 70.

3. The subject wells have not produced hydrocarbon or carbon dioxide substance or have otherwise been inactive for more than one year or are no longer usable for beneficial purposes and no permit for temporary abandonment has been requested by the Operator and approved by

the Division.

4. By virtue of the failure to use the wells for beneficial purposes or to have approved current temporary abandonment permits, the subject wells are presumed to have been abandoned and are required to be plugged.

5. By authority of Section 70-2-14 NMSA 1978, the Rules and Regulations of the Division require wells which are inactive for more than one year or are no longer usable for beneficial purposes to be properly plugged.

6. Demand has been made or attempted to be made upon the Operator to either place the subject wells to beneficial use, obtain approval for temporary abandonment or properly plug and abandon the same and the Operator has failed to do so.

WHEREFORE, the Supervisor of District II of the Oil Conservation Division applies to the Director to enter an order:

A. Determining whether or not the wells should be plugged in accordance with a Division-approved plugging program.

B. Upon a determination that said wells should be plugged, directing Operator to plug said wells.

C. Further ordering that if Operator fails to plug and abandon said wells as ordered by the Director, that the Division be authorized:

i. to plug said wells;

ii. to declare forfeit on said bond, if any, and to take such action to

foreclose on said bond, and

iii. to recover from the Operator any costs of plugging said wells in excess
of the amount of the bond, if any.

D. For such other and further relief as the Division seems just and proper.

RESPECTFULLY SUBMITTED,

A handwritten signature in black ink, appearing to read "Rand Carroll". The signature is fluid and cursive, with the first name "Rand" and last name "Carroll" clearly distinguishable.
