1 WHEREUPON, the following proceedings were had at
2 10:10 a.m.:

3 EXAMINER CATANACH: Okay, let's call Case 11,922.

4 MR. CARROLL: Application of Branex Resources,
5 Inc., for compulsory pooling and unorthodox gas well
6 location, Lea County, New Mexico.

7 EXAMINER CATANACH: Call for appearances in this
8 case.

9 MR. CARR: May it please the Examiner, my name is
10 William F. Carr with the Santa Fe law firm Campbell, Carr,
11 Berge and Sheridan. We represent Branex Resources in this
12 matter, and I have a brief statement.

13 EXAMINER CATANACH: Okay. Any additional
14 appearances?

15 Mr. Carr, you may proceed.

16 MR. CARR: Mr. Catanach, as you may recall, this
17 is a pooling case that came before you on February the 5th.
18 It was filed in the name of Primero Operating.

19 During the course of the hearing it was
20 discovered that Primero did not have a working interest in
21 the south half of the section.

22 Accordingly, they didn't meet the test of the
23 pooling statute, because you didn't have a party with a
24 right to drill.

25 So we were directed to readvertise the case in

1 the name of a party who did own working interest. We have
2 done that. That was done at Mr. Carroll's request.

3 You also asked that all working interest owners
4 in the adjoining Section 35 toward whom this proposed well
5 location encroaches be notified. There were two separate
6 mailings. One addresses each of those. And I have
7 supplemental notice affidavits from Mr. Kellahin confirming
8 that notice has been provided in accordance with your
9 directives.

10 EXAMINER CATANACH: And that notice has been
11 provided as per the rule?

12 MR. CARR: Yes, it has been, and those are the
13 affidavits confirming that they've been provided in
14 accordance with Division Rule 1207.

15 EXAMINER CATANACH: Okay.

16 MR. CARR: That is all I have in this case.

17 MR. CARROLL: And, Mr. carr, you're aware that
18 Primero also withdrew their request --

19 MR. CARR: Yes.

20 MR. CARROLL: -- or Branex, to have the
21 compulsory pooling order include a provision recovering the
22 wellbore value of an existing wellbore on the property from
23 any interest owner subject to the order?

24 MR. CARR: I'm not aware of that. I've just been
25 asked to deliver the two notice affidavits that were

1 requested.

2 MR. CARROLL: That's contained in this cover
3 letter from Mr. Kellahin.

4 EXAMINER CATANACH: Okay, supplemental Exhibits
5 14 and 15 will be admitted as evidence in this case.

6 And there being nothing further in this case,
7 Case 11,922 will be taken under advisement.

8 (Thereupon, these proceedings were concluded at
9 10:12 a.m.)

OIL CONSERVATION DIVISION

IN THE MATTER OF THE APPLICATION
OF BRANEX RESOURCES, INC.
FOR COMPULSORY POOLING AND AN
UNORTHODOX WELL LOCATION
LEA COUNTY, NEW MEXICO.

CASE NO. _____

A P P L I C A T I O N

Comes now Branex Resources Inc., by its attorneys, Kellahin & Kellahin, and in accordance with Section 70-2-17(c) (1978) applies to the New Mexico Oil Conservation Division for an order pooling all mineral interests from 10,667 feet (the approximate top of the Canyon formation) to 12,658 feet (a point within the Devonian formation) underlying Section 26. T16S, R35E, NMPM, Lea County, New Mexico, in the following manner: to form a standard 320-acre gas spacing and proration unit consisting of the S/2 of Section 26 for any and all formations and/or pools developed on 320-acre gas spacing within said vertical extent; the SW/4 of said Section 26 to form a standard 160-acre gas spacing and proration unit for any and all formations/pools developed on 160-acre gas spacing; and the SE/4SW/4 of said Section 26 to form a standard 40-acre oil spacing and proration unit for any and all formations/pools developed on 40-acre oil spacing. Said unit(s) are to be dedicated to its Tilley Well No. 1 to be a re-entry of the former Kennedy & Mitchell Inc.'s Tilley Well 758-3 (API 30-025-27891-0001) and completed at an unorthodox well location 330 feet from the South line and 1815 feet from the West line (Unit N) of said Section 26. Also to be considered will be the costs of re-entry and completing said well and the allocation of the costs thereof as well as actual operating costs and charges for supervision, designation of **Primero Operating, Inc.** as the operator of the well and a charge for risk involved in said well.

In support of its application, Branex Resources, Inc., ("Branex") states:

1. Branex has a working interest ownership in the oil and gas minerals from the surface to the base of the Devonian formation underlying the S/2 of Section 26, T16S, R35E, NMPM, Lea County, New Mexico.

2. Primero Operating Inc. ("Primero") is the operator of portions of the S/2 of said Section 26 pursuant to several joint operating agreements which do not cover all interest owners or all depths. Specifically, the joint operating agreement covering the SW/4 of said Section 26 does not include the footage interval from 10,677 feet to 12,658 feet.

3. Primero, on behalf of Branex Resources, Inc., has proposed the re-entry of the subject well and its appropriate spacing unit to the working interest owners in the spacing unit who could be located.

4. Despite its good faith efforts, Primero has been unable to locate certain interest owners and also has not been able to obtain a written voluntary agreement from all of the parties. A complete list of those interest owners to be pooled is attached as Exhibit "A."

5. Pursuant to Section 70-2-17(c) NMSA (1978) and in order to obtain its just and equitable share of potential production underlying this spacing unit, the applicant needs an order of the Division pooling the identified and described mineral interests involved in order to protect correlative rights and prevent waste.

6. Primero also requests approval from the Division for the unorthodox well location and has provided notice of this application to all offset operators and/or interest owners.

7. In accordance with the Division's notice requirements, a copy of this application has been sent to the parties whose interest is to be pooled as listed on Exhibit "A" and of the applicant's request for a hearing of this matter before the Division on the next available Examiner's docket now scheduled for March 5, 1998.

WHEREFORE, Branex Resources, Inc., as applicant, requests that this application be set for hearing on March 5, 1998 before the Division's duly appointed examiner, and that after notice and hearing as required by law, the Division enter its order pooling the mineral interest described in the appropriate spacing unit for the re-entry of the subject well at a unorthodox well location upon terms and conditions which include:

(1) Primero Operating, Inc. be named operator;

(2) Provisions for applicant and all working interest owners to participate in their share of the costs of re-entry, completing, equipping and operating the well;

- (3) In the event a working interest owner fails to elect to participate, then provision be made to recover out of production and the costs of completing, equipping and operating the well, including a risk factor penalty of 200 %;
- (4) Provision for overhead rates per month drilling and per month operating and a provision providing for an adjustment method of the overhead rates as provided by COPAS;
- (5) For such other and further relief as may be proper.

RESPECTFULLY SUBMITTED:
