

## EXHIBITS FOR CASE 11973, REOPENED 3/18/99

Exhibit No.	Description
1-7	Admitted during prior 5/28/98 Examiner Hearing
8	Map showing the project boundaries and the (a) proposed injection wells after redevelopment approved by Order R-11027, (b) producing wells, including the 5 wells at unorthodox locations approved by Tim Gum, and (c) 5 wells "not adequately plugged" (the "problem wells") per Order R-11027 (page 7, paragraph 5)
9	Map showing Sec. 31 after revision of the status of 3 wells (2 wells marked for conversion to injection wells will remain producing wells and 1 abandoned well will be completed as an injection well) and 3 of the problem wells, being the Yates "A" No. 9 well in Unit D, Sec. 6 , Brigham No. 2 well in Unit I, Sec. 31, and Aston & Fair State No. 1-B well in Unit K, Sec. 32
10	Schematic diagram of Yates "A" No. 9 well with attachment (2 p.)
11	Schematic diagram of Brigham No. 2 well with attachments (3 p.)
12	Map showing Sec. 29 with an additional producing well and 2 of the problem wells being the Wooley No. 12-D well in Unit D, Sec. 33, and Arnold No. 9 well in Unit I, Sec. 29
13	Schematic diagram of Wooley No. 12-D well with attachments (6 p.)
14	Map showing cumulative production from wells in the area of Wooley No. 12-D well
15	Schematic diagram of Arnold No. 9 well in Unit J, Sec. 29 with attachments (4 p.)
