Ref: Case No 11986 Application of Saba
Energy of Texas Inc., for Pool Creation
and special pool rules, Lea Co., NM

Gentlemen:

As an royalty owner offsetting the proposed pool I would like to oppose allowing a well to be drilled 330' from a lease line. If the 330' location is included in the pool rules the proration unit should be 40 acres.

Yours Truly,

Jimmy Anderson Duncan
