The Corbin Delaware Unit Operating Agreement
dated June 1, 1998

MEMORANDUM OF UNIT OPERATING AGREEMENT

Reference is here made to that certain Unit Operating Agreement dated June 1, 1998, wherein Burlington Resources Oil & Gas Company, whose address is P. O. Box 51810, Midland, Texas 79710-1810, is named Unit Operator and Working Interest Owner of the Corbin Delaware Unit and each of the undersigned is named as a Working Interest Owner, covering the Unit Area consisting of lands located in Lea County, New Mexico, as described by the attached Exhibit "A" attached hereto.

The terms and provisions of the referenced Unit Operating Agreement are incorporated in and made a part hereof. Article 11.6 of the referenced Unit Operating Agreement provides that each Working Interest Owner grants to the other Working Interest Owners a lien upon each party's oil and gas rights in the Unit Area and a security interest in each party's interest in oil and/or gas when produced, accounts, proceeds, contract rights, fixtures and personal property and equipment now or hereafter used to secure payment of each party's share of expenses, together with interest, for the development and operation of the Unit Area. Oil and/or gas or accounts will be financed at the wellhead located on the above described lands. This instrument shall be deemed a Financing Statement.

MID-CONTINENT DIVISION

To: Overriding Royalty Owners (List Attached):

Ratification & Joinder
Corbin Delaware Unit
Lea County, New Mexico

Ladies and Gentlemen:

Burlington Resources is the process of forming a secondary recovery unit to waterflood the Delaware "A", "B" and Lower "YZ" producing horizons. The proposed unit outline for the Corbin Delaware Unit is depicted on the attached map.

The producing wells within the proposed unit have already been partially flooded due to previous water disposal operations within the proposed reservoirs and below the oil/water contact. Burlington Resources proposed waterflood will serve to organize the existing wells into a flood pattern that is expected to enhance recovery. It is estimated that the proposed waterflood will recover an additional 261,000 barrels of oil.

Our records indicate that you are an overriding royalty interest owner within the proposed unit. Exhibit "B" of the attached Unit Agreement sets out the tracts under which you have an overriding royalty interest. Inasmuch as a successful waterflood project will likely be beneficial to all parties involved, Burlington Resources respectfully requests that you commit your overriding royalty interest to the Corbin Delaware Unit by executing four (4) original signature and notary pages of the attached Ratification and Joinder. Please return four (4) executed originals to the undersigned at the letterhead address.

Should you have any questions regarding this matter or require additional information, please contact the undersigned at (915) 688-9044. Thank you for your cooperation.

Sincerely,

Rick Gallegos
Senior Landman

Ratification & Joinder
Revised Exhibits "A" "B" & "C"
Corbin Delaware Unit
Lea County, New Mexico

Ladies and Gentlemen:

By letter dated July 13, 1998 Burlington Resources furnished you with a copy of the Unit Agreement and Ratification and Joinder for the proposed Corbin Delaware Unit. Subsequently, the Bureau of Land Management reviewed the proposed outline for the unit and determined that the SE/4 SE/4 of Section 7, T18S, R33E, and the NW/4 NW/4 of Section 17, T18S, R33E, should be excluded from the unit because the unitized pay intervals cover less than 10% of the subject tracts.

Attached for your review and files are revised Exhibits "A" "B" & "C" that reflect the deletion of said tracts from the Corbin Delaware Unit. Execution of the Ratification and Joinder previously sent to you will serve to ratify the unit as set out on the revised exhibits.

If I may be of assistance in this matter, please contact me at (915) 688-9044. Thank you for your cooperation.

Sincerely,

Rick Gallegos
