Dear Mr. Mitchell:

New Mexico Oil Conservation Division (NMOCD) is in receipt of the C-141's referenced above and a copy attached. The NMOCD has evaluated these reports and has the following comments and conditions:

**South Inj. ST:**

**2-06-98 (ACTION REQUIRED)**

GP II failed to report this spill which impacted a small playa lake (dry at time of spill) to the southeast of the facility. The NMOCD has given verbal warning to Mr. Mitchell, representative of GPII, and has instructed him to report all applicable leaks & spills per rule 116 and perform appropriate corrective actions in the future. Mr. Mitchell and GPII are new to New Mexico and was not aware of our rules & regulations.

GP II removed the free liquid and has made an attempt to remove some of the salt stain out of the playa, however there still remains salt residues. Therefore, please submit a work plan for NMOCD approval to address this issue within 30 days of receipt of this letter. Include in your letter a commitment by GPII to report all Leaks & Spills in the future pursuant to NMOCD Rule 116. (Rule 116 copy enclosed and guidelines)

**3-26-98 & 5-10-98: (NO FURTHER ACTION REQUIRED AT THIS TIME)**

GPII has submitted Final C-141's. NMOCD has reviewed the C-141's on the list and have approved these to be filed in the NMOCD District I Spill Files without further requirements at this time. NMOCD reserves the right to require additional information and/or actions pertaining to these report(s) if so warranted.

Please note acceptance of these **"Initial or Final" reports** by NMOCD does not relieve GPII of liability should their operations fail to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations including additional requirements from NMOCD Environmental Bureau.

**2-18-98 & 2-20-98 & 3-07-98: (NO FURTHER ACTION REQUIRED AT THIS TIME)**

GPII has removed free liquids and disposed of contaminated soils at Sundance Services and cleaned up location and lease roads. Pictures and plot plan was submitted for verification. NMOCD also has made resultant field trips for verification. NMOCD has reviewed the C-141's on the list and have approved these to be filed in the NMOCD District I Spill Files without further requirements at this time. NMOCD reserves the right to require additional information and/or actions pertaining to these report(s) if so warranted.

Please note acceptance of these **"Initial or Final" reports** by NMOCD does not relieve GPII of liability should their operations fail to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations including additional requirements from NMOCD Environmental Bureau.

**3-16-98 & 3-17-98: (ACTION REQUIRED)**

GPII has indicated fluids removed and hauled off oily dirt. In order for GPII to receive closure please send to NMOCD disposal waste tickets, Invoices, manifest etc for verification. Please provide within 30 days of receipt of this letter.

If you require any further information or assistance please do not hesitate to call (505-393-6161) or write this office.

Sincerely Yours,

Wayne Price-Environmental Engineer
