Re: NMOCD Case 12119
Proposed Amendments to Division Rule 104

Dear Members of the Commission:

On behalf of the New Mexico Oil & Gas Association, I wish to bring to your attention our previous request for the inclusion of certain language to Rule 104 which appears to be inadvertently omitted from the latest proposed Division draft of these rules.

We had previously requested and believe the Division had concurred with the adoption of the following:

"Rule 104.F.(7) In the event of a timely filed objection to an administrative application, the Division shall notify the applicant and the objecting party in writing that the case has been set for hearing on the next available Examiner's docket. No further notice shall be required."

Very truly yours,

W. Thomas Kellahin
