VIA FACSIMILE

Dear Mr. Carroll:

Faxed herewith are copies of two of the applications we discussed yesterday by Williams Production Company to the Division for administrative approval of non-standard gas units. Also faxed herewith is a copy of Mr. Stogner's response to the applications. Mr. Stogner advised me yesterday that three of Williams' applications are scheduled for hearing on August 19 as Cases N^o 12226, 12227 and 12228.

Williams believes that it is clear under Rule 104(D)(2) that its applications may be approved administratively without a hearing.

Please let me know if you have questions. I look forward to your response.

Yours very truly,

RODEY, DICKASON, SLOAN, AKIN & ROBB, P.A.

Dear Ms. Wrotenbery,

This is a request on behalf of Williams Production Company for administrative approval for a non-standard gas unit in the Blanco Mesa Verde pool for the referenced well. The proposed spacing unit is south half of Section 1, T31N, R6W, which is 303.88 acres due to a variation in the legal subdivision of the U.S. Public Land Surveys.

As the Unit Operator of the Rosa Unit, Williams Production is the only offset operator. Attached is a plat indicating the well location and proposed spacing unit.

Thank you for your consideration and approval of this application. If you have any questions please do not hesitate to call upon me.

Sincerely,
