Re: Application of Enron Oil & Gas Company for Compulsory Pooling, Eddy
County, New Mexico

Gentlemen:

This letter is to advise you that Enron Oil & Gas Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests from the surface to the base of the Chester formation in certain spacing and proration units in the E/2 of Section 4, Township 17 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Enron proposes to dedicate the referenced pooled unit to its Amtrak State Com Well No. 1 to be drilled at a standard location 660 feet from the South line and East lines of said Section 4.

This application has been set for hearing before a Division Examiner on October 7, 1999. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.
