Section 7-24s-25e  
Eddy County, New Mexico

Bob - Pursuant to Bill Siruta's request, please find attached an AFE for the captioned well. We have a pooling scheduled for October 7, 1999. However, there is a question as to how much Central, RKC, Inc., and Toreador own. The title opinion requires a stipulation of interest needs to be secured from the parties and placed of record. This would be something that Rick Hodges would address. My direct number is (918) 491-4127 and fax (918) 488-8185. Call me if needed. Thanks!!

RE: State #2-7 (Mosley Canyon Prospect)  
S/2 Section 7-24S-25E  
Eddy County, New Mexico

Gentlemen:

KCS Medallion Resources, Inc. ("KCS") proposes the drilling of a test well at a location of 1,800' FSL & 1,980' FWL of Section 7-24s-25e, Eddy County, New Mexico. KCS proposes that the test be drilled to an approximate depth of 11,000' in order to test the Morrow formation and all other potentially productive zones that may be encountered at that location.

Dry hole costs are estimated to be \$458,586 with a completed well cost of \$787,778 as shown on the enclosed AFE dated July 28, 1999. If you wish to participate in the proposed test by paying your proportionate share of the drilling and completion costs, please indicate so by executing a copy of the enclosed AFE and faxing to my attention at (918) 488-8185.

Upon receipt of an executed

Sincerely,

A handwritten signature in black ink, appearing to read "Tim M. Wilson".

Attention: Tim Wilson

Gentlemen:

Reference is made to your letter dated July 1, 1999 requesting a farmout of Central's and RKC's interest in the captioned tract for the drilling of an 11,000' Morrow test. Please be advised that Central and RKC find your proposed terms unacceptable. We will consider farming out our interests along the lines of delivering a 75% NRI lease with a 35% backin after payout. No cash consideration will be required.

Should KCS be interested in accepting a farmout along these lines, please advise.

Yours very truly,

R. L. Hodges  
Vice President, Land

Dear Rick,

Pursuant to your request, attached are two (2) copies each of a Farmout Agreement dated July 1, 1999, covering our proposed 11,000' Morrow Sandstone test in the captioned section for execution by Central Resources, Inc. and RKC, Inc. Information concerning reports and production tests were left blank on page 3, pending notification of the proper names, phone numbers, and addresses.

As consideration for the farmouts, KCS will pay a \$75.00 per acre bonus for 76% net revenue farmouts with six month terms. The farmouts have a stratigraphic depth limitation from the surface of the earth to the total depth drilled.

If the agreements meet with your approval, please have one (1) copy of each instrument executed and returned to my attention. If you fax me an executed copy of the signature page and advise me of the correct net acres for each party, I will Federal Express bonus checks. My fax number is (918) 488-8185.

Thank you for all your help with these interests. Please give me a call at (918) 491-4127 if there are any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim M. Wilson".

Gentlemen:

KCS Medallion Resources, Inc. is interested in drilling an 11,000' Morrow test in the S/2 of the captioned section. Dry Hole costs are estimated at \$411,000 with total completed well costs estimated at \$730,000.

In connection with this test KCS would like to offer a \$75.00 per acre bonus for an 80% net revenue farmout with a six (6) month term. The farmout would have a stratigraphic depth limitation from the surface of the earth to the total depth drilled.

Please let me know your thoughts on this proposal at your earliest convenience. My direct number is (918) 491-4217. Your time and consideration on this request is greatly appreciated.
