

EL PASO NATURAL GAS COMPANY

Memorandum

TO: Mr. Sam Smith
 From: Charles T. Richardson

Date: May 24, 1962
 Place: Land Department

On our 1962 Drilling Program under Contract Development Wells Brookhaven GLA 46, El Paso proposes to drill a Dakota well in the E/2 of Section 16, T-31-N, R-11-W. Under Brookhaven GLA 46, it appears that the agreement has never been amended to provide for a maximum amount for the drilling of a Dakota well, *as is required under our agreement with Brookhaven.*

Therefore, would you please advise if we should prepare an amendment similar to the attached amendment providing for a maximum cost of Pictured Cliffs wells and submit it to Brookhaven Oil Company and Dacresa Corporation for approval.

Charles T. Richardson
