Re: Application of Doyle Hartman to Amend Order R-9073, Docket No. 12363

Gentlemen:

This is to confirm the oral advisement by Mr. Carr and myself that Hartman and Raptor Resources have reached agreement concerning the matters at issue in the referenced proceeding. Raptor Resources as agreed to separately meter seven specified wells and also any future wells completed or recompleted on specified leases. Accordingly, Hartman requests that his application in this matter be withdrawn.

It has occurred to me that the stated agreement and the carrying out of its terms constitutes a modification of Order R-9073 (Case No. 9775) and that for the sake of an orderly record and future certainty among successor owners there needs be an appropriate order entered by the Division. If you think that is the case, I will be pleased to work jointly with Mr. Carr to prepare and submit a proposed order.

Sincerely,

GALLEGOS LAW FIRM, P.C.
