***Re: Application of Penwell Energy, Inc. for Pool Creation, Special Pool Rules
and a Nonstandard Spacing and Proration Unit, Sandoval County, New
Mexico.***

Ladies and Gentlemen:

This letter is to advise you that Penwell Energy, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking the creation of a new pool in the Entrada Formation underlying Section 8, Township 19 North, Range 4 West, NMPM, McKinley County, New Mexico. Penwell also seeks: the promulgation of Special Pool Rules and Regulations for this pool including provisions for 80-acre spacing and proration units and special well location requirements; approval of a 160-acre non-standard spacing and proration unit comprised of the W/2 NE/4 and the E/2 NW/4 of said Section 8; and the approval of the existing well location as an unorthodox location for any formations based on 160 acre or 320 acre proration unit spacing.

This application has been set for hearing before a Division Examiner on April 20, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
