Mr. McCollum:

ARCO Permian is seeking approval to surface commingle, measure and store production off lease for four leases in Section 3 and 4, T-18-S, R-27-E, Eddy County New Mexico. Oil and gas will be measured and stored off leases. The four leases are the:

Red Lake 3 Federal - SW/4 of NW/4 of Sec. 3, 40 acres, Lease No. LC028805(B)
Vermillion 3 Federal - SE/4 of NW/4 of Sec. 3, 40 acres, Lease No. LC055465(B)
West Red Lake 4 Federal - N/2 of NW/4 of Sec. 4, 79.29 acres, Lease No. LC065478(A)
Lago Rosa 4 Federal - NW/4 of SW/4 of Sec. 4, 38.85 acres, Lease No. NMNM29280

As the gas purchaser for these leases, we are respectfully requesting a waiver stating that you have been notified of our intent to modify our existing surface commingling permit to allow for allocation by well tests. Currently individual meters allocate production.

The gas sales will be modified to have one sales meter on the West Red Lake 4 Federal Lease that will sell gas from West Red Lake 4 Federal and Lago Rosa 4 Federal Leases. We will also be modifying the gas sales to have one sell meter selling all of the gas from Red Lake 3 Federal and Vermillion 3 Federal Leases.

If you have no objections, we request that you so indicate by signing the waiver below and returning the original to my attention at the address listed above. **Please also, fax the signed copy to me at 915/688-5956.** Your expeditious handling of this situation is appreciated.
