RE: Application for Compulsory Pooling  
Robert L. Bayless, Operator  
Hun Nop Pi # 2 Well  
W/2 Sec. 19-T26N-R8W  
San Juan County, NM

Dear Ms. Bruss:

The purpose of this letter is to provide written notice pursuant to the Rules and Regulations of the New Mexico Oil Conservation Division ("NMOCD") that Robert L. Bayless ("Bayless") has filed an application with the NMOCD requesting the issuance of an Order force pooling all mineral interests from the base of the Pictured Cliffs formation to the base of the Dakota formation underlying the W/2 of Section 19, Township 26 North, Range 8 West, NMPM, San Juan County, New Mexico, forming a 320.04 acre gas spacing and proration unit for the Basin Dakota pool to be dedicated to the Hun Nop Pi # 2 Well and completed in the Basin Dakota pool. Bayless also requests that the order designate Bayless as operator of the Well, and that it provide for the recovery by the joining working interest owners of the costs of drilling, completing, equipping and operating the Well, together with a reasonable charge for risk involved in drilling and completing the Well. In addition, Bayless requests that the Order establish a reasonable charge for supervision of the Well during the drilling and production stages.

Bayless has requested the application be placed on the on the December 21<sup>st</sup>, 2000, docket of the NMOCD for hearing. You may appear at the hearing to record any protest or objection you may have with respect to the subject matter of the application. For your information, the Rules and Regulations of the NMOCD require that each participant in an NMOCD hearing file a Pre-Hearing Statement on or before the Friday next preceding the date of the hearing.

Please advise if you have any questions.

Yours truly,

Paul Hall, CPL/ESA

Dear Mr. Hall:

Thank you for your letter of 17 August.

We will be glad to furnish information on the current ownership of this well, but the records are at our accountant's, and he is out of town. When he returns, we will have him forward that information.

At the present time we do not wish to participate in the drilling of the well or sell the interest of McConnell LLC or the Barbara Irene McConnell Testamentary Trust. We prefer to go non-consent. We recently concluded a deal with Meridian on six wells at 1.5 times the well cost. We would be glad to do the same on this well.

If this is satisfactory, please draw up a contract accordingly for our signature.

Sincerely,

RE: Bayless' AFE  
HUN NOP PI # 2 Well  
San Juan County, New Mexico

Dear Ms. Bruss:

Robert L. Bayless, Producer LLC proposes to drill a Well to test the Dakota formation, estimated at a depth of 6,650 feet, at a legal location in the NW/4 of Section 19, Township 26 North, Range 8 West, San Juan County, New Mexico. Our records indicate that McConnell LLC and the Barbara Irene McConnell Testamentary Trust own an undivided 8.33 percent interest in the proposed W/2 proration unit for this Well. We would appreciate you providing us with information regarding the current ownership of each entity.

We have enclosed Bayless' Authority for Expenditure covering the subject Well for your review. We expect this to be a marginal well, but feel it will reach payout with a modest opportunity for a return on our investment.

As an alternative to participating in the subject Well, Bayless proposes to purchase your leasehold interest for \$100.00 per net mineral acre assigned to Bayless. Such assignment would be; 1) limited to those depths below the base of the Pictured Cliffs formation, 2) subject to existing leasehold burdens of record, and 3) subject to approval of form by Bayless.

The rig availability in the San Juan Basin is limited, but it appears that a rig will become available in the near future. Therefore, we ask for your early review and response to our request for participation or support in the drilling of this Well.

Should you have any questions, I can be contacted at (505) 564-7806.

Yours truly,

Paul Hall, CPL/ESA  
Land Manager

Dear Ms. Bruss:

We are planning on drilling another Dakota well on Blanco Canyon (W/2 Section 19, Township 26 North, Range 8 West). It will be a southwest offset to the Kah-Des-Pah #2.

The economics appear quite marginal. We show Irene's estate to own approximately 6.2% interest and you owning an approximately 2% interest. The well is estimated to cost between \$400,000 to \$500,000. You and the estate are welcome to participate in the drilling of the well to the extent of your interests. On the other hand, if you prefer not to drill, we have an operator who is willing to acquire leases and participate in the drilling of the well. He is willing to pay \$100 an acre which for your interest would be \$660 and for the estate would be \$2,000 (\$100 an acre and 320 acres for the well).

If you want to participate, let us know and we will prepare an AFE and an Operating Agreement or if you elect to sell, we will prepare assignments. The Operator, R.L. Bayless, does not want to enter into any farmout agreements or overrides.

Regards,

ARG/tlp

RE: Application for Compulsory Pooling  
Robert L. Bayless, Operator  
Hun Nop Pi # 2 Well  
W/2 Sec. 19-T26N-R8W  
San Juan County, NM

Dear Ms. Denny:

The purpose of this letter is to provide written notice pursuant to the Rules and Regulations of the New Mexico Oil Conservation Division ("NMOCD") that Robert L. Bayless ("Bayless") has filed an application with the NMOCD requesting the issuance of an Order force pooling all mineral interests from the base of the Pictured Cliffs formation to the base of the Dakota formation underlying the W/2 of Section 19, Township 26 North, Range 8 West, NMPM, San Juan County, New Mexico, forming a 320.04 acre gas spacing and proration unit for the Basin Dakota pool to be dedicated to the Hun Nop Pi # 2 Well and completed in the Basin Dakota pool. Bayless also requests that the order designate Bayless as operator of the Well, and that it provide for the recovery by the joining working interest owners of the costs of drilling, completing, equipping and operating the Well, together with a reasonable charge for risk involved in drilling and completing the Well. In addition, Bayless requests that the Order establish a reasonable charge for supervision of the Well during the drilling and production stages.

Bayless has requested the application be placed on the on the December 21<sup>st</sup>, 2000, docket of the NMOCD for hearing. You may appear at the hearing to record any protest or objection you may have with respect to the subject matter of the application. For your information, the Rules and Regulations of the NMOCD require that each participant in an NMOCD hearing file a Pre-Hearing Statement on or before the Friday next preceding the date of the hearing.

Please advise if you have any questions.

Yours truly,

Paul Hall, CPL/ESA

RE: Bayless' HUN NOP PI # 2 Well  
San Juan County, New Mexico

Dear Ms Denny:

Robert L. Bayless, Producer LLC, proposes to drill a Well to a depth of 6,650 feet to test the Dakota formation at a legal location in the NW/4 of Section 19, Township 26 North, Range 8 West, San Juan County, New Mexico. Our records indicate that you own an undivided 1.1111 percent leasehold interest or 3.5559 net acres in the proposed W/2 proration unit for this Well.

We have enclosed Bayless' AFE covering the subject Well for your review. We expect this to be a marginal well, but feel it will reach payout with a modest opportunity for a return on our investment.

As an alternative to participating in the subject Well, Bayless proposes to purchase your leasehold interest for \$100.00 per net mineral acre or a total of \$355.59. Such assignment would be; 1) limited to those depths below the base of the Pictured Cliffs formation, and 2) subject to existing leasehold burdens of record. I have also enclosed three copies of an Assignment of Oil and Gas Mining Leases for your consideration.

Please sign and return to my attention at the above address either the AFE if you wish to participate or return two executed and acknowledged copies of the Assignment if you wish to sell. If you do decide to sell and upon return of the Assignments, I will direct Bayless' check for \$355.59 to your attention upon receiving such Assignments.

We request your early review and response to either participation or selling your working interest under the proposed Well. Should you have any questions, I can be contacted at (505) 564-7806.

Yours truly,

Paul Hall, CPL/ESA  
Land Manager

RE: Bayless' AFE  
HUN NOP PI # 2 Well  
San Juan County, New Mexico

Dear Ms. Denny:

Robert L. Bayless, Producer LLC proposes to drill a Well to test the Dakota formation, estimated at a depth of 6,650 feet, at a legal location in the NW/4 of Section 19, Township 26 North, Range 8 West, San Juan County, New Mexico. Our records indicate that you own an undivided 1.1111 percent leasehold interest or 3.5559 net acres in the proposed W/2 proration unit for this Well.

We have enclosed Bayless' Authority for Expenditure covering the subject Well for your review. We expect this to be a marginal well, but feel it will reach payout with a modest opportunity for a return on our investment.

As an alternative to participating in the subject Well, Bayless proposes to purchase your leasehold interest for \$100.00 per net mineral acre assigned to Bayless. Such assignment would be; 1) limited to those depths below the base of the Pictured Cliffs formation, 2) subject to existing leasehold burdens of record, and 3) subject to approval of form by Bayless.

The rig availability in the San Juan Basin is limited, but it appears that a rig will become available in the near future. Therefore, we ask for your early review and response to our request for participation or support in the drilling of this Well.

Should you have any questions, I can be contacted at (505) 564-7806.

Yours truly,
